

Our Solutions

At NFI Studios we believe in long term partnerships instead of short term projects. We enjoy growing with our clients as technology partners.

Professional networking and knowledge management for an association's online community. MemberFuse™ may be integrated with your association management software.

Meeting Mosaic™

Gathering all of your event's online content in one place, Meeting Mosaic acts as an online hub for your event, before, during, and after it occurs!

PaperLess Events™

Email, view & print your important documents and presentations using less paper. Synchronise with your USB drive using PaperLess Events!
