

About NFi Studios

NFi Studios is a **creative**, **agile** and **open** organization. These are the core values that guide our technology:

Creative: NFi Studios produces intuitive and powerful User Experiences with every solution, bringing a refreshing and creative perspective to associations and events.

Agile: NFi Studios operates with agility, staying at the forefront of the industry while including clients in the product development process.

Social: Recognized as a leader in Social Media, NFi Studios both develops social technologies and ensures our company culture is transparent and open.
